Ian Kneebone THE BESTMAN    Isna Parmita Sari THE MAID OF HONOR    Flat Erik & Melati    Phil & Vicu

**My Name is Flat Erik**

He was born in China but grew up in the UK & Singapore

Flat is four years old now. He started life as a charismatic TV commercial star in the UK, then his life changed when he met Phil for the first time on Christmas day 1999.

"I like Phil, he took me to a lot of cool places. We went skiing in France, celebrated New Year in Edinburgh, and I accompanied him to work in Singapore. I even went and pick up Vicu at the airport when she came back from Vietnam". Most of Phil and Vicu's friends are members of Flat's fanclub.

13 May 2002 was a very special day for Flat - on that day he met Melati ( Bahasa Indonesia for "Jasmine"), a gift from Vicu's Thai friend Rewadee. It was love at a first sight. Flat really likes Melati, who looks gorgeous in her wedding gown and veil, holding her flower. It took a while for Flat to win her heart but now they are very happy together.
